Project

<https://gokulnaths04.github.io/car-web/index.html>

Designed and implemented a dynamic and responsive Car Web application as a hands-on practice project.

The project showcases a user-friendly interface for exploring various car models and their specifications.

Leveraged HTML, CSS, and JavaScript to create an interactive experience, allowing users to seamlessly browse through car details, view images, and access relevant information.

Technical Skills

- HTML5
- CSS3
- JavaScript
- ReactJS

Soft Skills

- Team Worker
- Time Management
- Patience
- Quick Learner
